

YOUSPORT - SPORTS TRADE HANDBOOK 2023

The 2023 Handbook will also be published in electronic form on the revamped website of YouSport.fi.

SPORTS TRADE EVENT CALENDAR

A calendar of the sports trade events is printed in the calendar section of the Handbook. As such, it serves as an everyday tool calendar for the sector's stakeholders.

SPORTS TRADE SUPPLIERS

The alphabetical business directory lists all the companies related to the sports trade sector that have been known to the publisher by the book's date of publication. In addition to the company name, the directory contains the address and telephone number.

In February 2023, a reference work covering the entire sports retail sector will be published.

The YouSport - Sports Trade Handbook contains contacts and product range information from all major suppliers in one place. In addition, it offers a lot of everyday information that can be routinely used in the sports trade business; as a reference book, it's even faster than the internet!

SPORTS TRADE BRAND DIRECTORY

The brand directory describes the product selection of the suppliers involved in the company presentation. The alphabetical brand directory specifies the company name for each product supplier, and the page number redirects to the website of the company in question.

SPORTS TRADE 'S AD SECTION

It is possible for companies in the sector to purchase a paid ad in the Handbook, where their activities can be better detailed. The page number of the ad is entered in the directory next to the company name. Below are the size options and prices for an ad. We link all notifications in the Handbook to the web address sought by the customer. In this way, the electronic version of the Handbook provides easy access to the websites of the participating companies. When submitting the material, please also send the url to which you want the ad to be linked.

YOUSPORT - SPORTS TRADE HANDBOOK 2023

Booking date 24.1.2023	Materials 31.1.2023	Publication date 27.2.2023
